The Kings County Office of Emergency Management has many emergency preparedness brochures, booklets and lists available to keep you both informed and organized. You may request them from our office. Or, for your convenience, some of these items are downloadable. Just go to www.kingscountyoem.com > Resources (far left of screen) > Download Brochures to download the items of interest to you.

If you would like to order your own supply for your organization, you may go to the Ready.gov order page: <http://www.ready.gov/america/publications/allpubs.html>. There you will find the many materials available as well as an order form and a toll-free number. **All items are FREE!**
